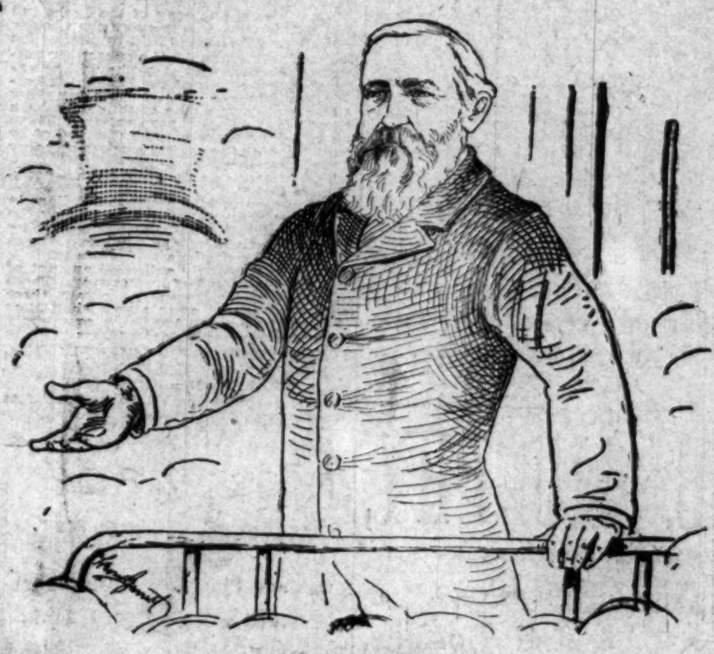
THE WASHINGTON BEE.

VOL. XIV. WASHINGTON, D. C., SATURDAY, APRIL 11, 1896. No. 42.



BENJAMIN HARRISON.

The marriage of Gen. Harrison and Mrs. Mary Scott Lord Dimmick was solemnized at 5:30 last Monday evening in St. Thomas Protestant Episcopal Church, New York. Gen. Harrison was the twenty-third President of the United States and is an undaunted republican. Dame rumor says he will be a potent factor at the coming St. Louis Convention. Mrs. Dimmick's life it is said, has been somewhat sad; her father and mother separated when she was but a child and the mother returned to her father, Dr. Scott, a Presbyterian Minister, of Indianopolis, Ind. Miss Mamie Lord, now Mrs. Harrison was first married to Mr. Saml. E. Dimmick a wealthy lawyer of Pennsylvania, who lived only three months after their marriage.

Mrs Harrison's wedding tronsseau was not very elaborate, as she has never been very fond of fine raiment, and seldom wears jewelery of any kind. During Gen. Harrison stay at the White House, Mrs. Dimmick figured very prominently in society and the affairs of the White House.

They Say

We should practice what we preach.

Dogs bark when they are disturbed.

Barking dogs are harmless.

It is the brave man that can look you in the face.

The Presidential Candidates are making the pot boil.

Do you know what will happen one of these days?

Some colored lawyers will draw themselves in the soup.

The BEE takes the lead in Afro-American Journalism.

Be what you seem to be, and not what you are not.

Some people will condemn their neighbor because others dislike them.

The man who has more time to attend to other people's business, than he has his own, is a deceitful man.

A coward pleads for clients, while clients plead for a brave man.

Never believe stories told to you after one has attempted to destroy you.

It is the coward who attempts to play hot and cold with the judges.

If some negro attorneys were more manly they would succeed.

Right is bound to succeed; no matter what you say.

It is the apologist that deceives the honest people.

Men who declare that John Doe did not kill Richard Roe when we know to the contrary, is a coward.

Pretended friendship is often found among men who are deceptive.

Let us be true to ourselves and then we will succeed.

In Union there is strength and happiness.

Let us have suffrage in the District of Columbia.

The genial Capt. Oliver of the B. & O. R. R. never allows an opportunity to slip.

He is using every effort to carry a large crowd over his road to the St. Louis Convention.

Is there any discrimination at St. Louis against colored delegates?

Leaders are born and not made.

Lawyer Jones of Chicago has no doubt forgotten that.

Greener has been a failure from his birth.

He was a failure as a school teacher, a failure as a lawyer and as a leader a tetotal failure.

Negro leadership is a failure Bro. Jones.

Certain members of the race are cultivated apologists now.

Wait until some of these apologists get through with apologizing for the wrongs that have and are now being perpetrated upon the negro before we are infested with any more negro leadership.

We have more worthless leaders now than we have followers.

A majority of the negro leaders want the mighty dollars before they will open their mouths.

And when they do open them it is to apologize for the races enemies.

Let us have rest, peace and prosperity.

Read The BEE if you want a leader.

It is the truest and bravest exponent of the rights of the Afro-Americans.

Ex-President Harrison is a benedict.

Will he be President?

This is the question that seems to worry the politicians now.

Ex-Congressman Murray will be be seated.

The BEE is the greatest advertising medium in the country.

President Harrison will give some one trouble.

McKinley looks as if he is in the ead.

A NEW YORK DAILY FREE.
The Greatest Offer Ever Made in the History of American Journalism.

ACT WITHOUT DELAY
Or You May Lose the Golden Opportunity of a Lifetime.

For the purpose of rapidly increasing the circulation of the New York Daily and Sunday Mercury, established fifty-eight years ago, the Mercury Printing Company (capital stock, $500,000.00), incorporated under the laws of New York, makes the greatest offer ever made in the history of American journalism by an institution of the standing and magnitude of the New York Mercury.

For a limited time only, shares of stock in this corporation of the par value of ten dollars will be sold at face value—$10. Each share of stock carries with it a free copy of the Daily and Sunday Mercury.

We will send one copy of the Daily and Sunday Mercury free to every shareholder as long as the stock is held by him or his assigns. For example, if a subscriber purchases ten shares of stock he will be entitled to ten copies of the Daily and Sunday Mercury free to his own or any other address as long as he continues to be a stockholder of the corporation. These copies of the paper may be disposed of by subscribers to the capital stock in any way desired by them.

This proposition is open to all—newsdealers included.

If you care to invest only ten dollars in one share you can by merely holding the same receive the Daily and Sunday New York Mercury as long as you live, and can bequeath the privilege to your heirs.

There will be only a limited amount of this stock disposed of in this way. Those who are lucky enough to obtain these shares will find that in a very short time they will be worth 300 per cent. premium.

THE PRINCIPLE OF ARBITRATION.

Lord Salisbury Desirous of Determination on Some Plan.

London, March 23.—Lord Salisbury has written a letter to Sir James Stansfeld, who was chairman of the recent demonstration in Queens Hall in favor of the principle of arbitration in all disputes between Great Britain and the United States, acknowledging the receipt of the memorial adopted at the meeting. In his letter Lord Salisbury says: "I am glad to be able to inform you that this question is receiving the consideration of Her Majesty's Government, and that proposals in the direction indicated by the memorial are now before the Government of the United States."

The memorial referred to contains the following: "Without expressing any opinion upon pending controversies, we would earnestly press the advisability of promptly concluding some treaty arrangement by which all disputes between Great Britain and the United States could be referred for adjudication to some permanent tribunal representing both nations and uniting them in the common interest of justice and peace."

In its issue to-day the Daily News, under the caption of "A Break in the Clouds," deals with Lord Salisbury's reply to Sir James Stansfeld, which it describes as the most hopeful word that has been had for a long time from the Prime Minister. The paper says that it hopes that no efforts to press the consideration by the Government of the memorial into action. The Daily News elsewhere traces the arbitration movement from the resolutions adopted by the American Congress in 1890 and the House of Commons in 1893, and from President Cleveland's message in the latter year. It proceeds: "When Lord Rosebery became Prime Minister he took the matter up with the unanimous approval of the Cabinet. He intimated to Sir Julian Pauncefote, the British Ambassador to the United States, that should President Cleveland act upon the resolution of Congress, which requested him to invite negotiations with this Government with a view to establish a system of arbitration, the British Government would welcome such an invitation. Since then nothing has been done. We hope that Lord Salisbury's letter means that substantive proposals have been made."

The Chronicle to-day congratulates Lord Salisbury on the action he has taken to secure arbitration, and says it devoutly hopes that the United States will reciprocate Great Britain's offer of good will.

Honor Was Satisfied.

Rome, March 23.—The duel between Gen. Mocenni, ex-Minister of War, and Signor Barzilais, a Radical member of the Chamber of Deputies, growing out of a wrangle in the Chamber Saturday during the discussion of the credits asked for by the Government, took place yesterday morning. The weapons used were sabres. Gen. Mocenni proved himself the better swordsman and wounded his opponent in the face. Honor being thus satisfied, the duellists became reconciled.

19,000 Men.

Cairo, March 23.—Seven thousand Bedouins and three British battalions have been organized to join the Soudan expedition. This will make a total of 19,000 men forming the expedition

A LOGICAL CANDIDATE.

The New York World is of the opinion that Mr. Cleveland is the man for the Democratic Convention at Chicago to nominate against Major McKinley, as he is bound to be the nominee of the republican party.

The World is reasonably sure that the democrats could carry New York and Connecticut if there were an election to-day.

While the World is favorable disposed towards ex-Secretary Whitney, and is sure that he or Mr. Cleveland could be elected, it is equally confident that the democratic party has the better of the fight between the two great political parties.

There seems to be a hidden knife in the sleeves of the World for Mr. Cleveland, and it is not believed that the World is sincere, although it declared that it is.

No matter who is nominated by the republicans, it is quite certain that the nominee of the St. Louis Convention will be elected.

THE COLOR LINE.

The harangues that took place at the Metropolitan Baptist Church on last Wednesday evening by men who have sufficient legal training to be consistent as well as honest in their expressions and conduct in the courts, were indeed amusing. Notwithstanding the repeated tilts that some of the participants, in the meeting, have had with the courts of the District, and the condemnation speeches that have been made at these indignation meetings and the denounciation of the Judges of the courts, Messrs. Miller and Kimball by them, and then for these same gentlemen to declare now that there is no prejudice against the negro by the courts is absurd.

As one speaker said on last Wednesday night, he colored people must be convinced that a colored lawyer is as capable of conducting their cases as well as certain white lawyers before they will commit their interest to them.

The position assumed by most of the speakers was that the colored people must bring their cases for experiment, and if the methods adopted by them, while they are experimenting, work successfully then they will be applied to all cases.

The meeting was nothing more than a plea for clients and to inform the colored people that certain negro lawyers are starving to death.

Every law er who participated in the debate, with one exception, showed his apoletic proclivities and cowardly toadyism to a prejudice sentiment which prevails against him, and which he has declared existed.

Is there to be any manhood at all, not even among negro lawyers?

Peyton declared that his paper was to benefit the lawyers, but the moment Jones asserted that he was satisfied with his $3,546.50 income yearly, that grim monster jealousy, which often develops itself, soon found itself coming from Peyton's lips. The color line that is so often drawn by members of the bar is doing more to injure them than anything else.

When negro lawyers demonstrate their ability and can show the intelligent negroes in this community that they are just as capable of handling their cases as the best white lawyers then and not until then will the negro lawyers plea for clients among the educated negroes be realized,

The charge that the courts are prejudcied against negro lawyers emanated from the very members of the bar, who declared at the Metropolitan Baptist Church meeting that there is none.

It is the cowardly hypocrite who makes apologies for imaginary wrongs and he is an apologists who betrays his brother in law.

As The BEE predicted last week that Hon. George W. Murray, of South Carolina would be seated has been verified by the favorable report of the Committee in his case.

Lawyer Jones, of Chicago, Ill., has declared Richard T. Greener, a leader. Mr. Jones doesn't know Greener as well as The BEE and the people of Washihgton. He is a national failure of the first water. Leaders are born and not made.

It looks very much like President Cleveland will be the nominee of the democratic party.

Notwithstanding his stuborness, he has a large following in this country.

President Rankin, of Howard University ought to be removed.

The industrial features of the public schools, under the supervisions of Trustee Cornish, are becoming successful.

The columns of The BEE are open to everybody for a full discusion of all questions of importance.

The writers of all communications must sign their names. The BEE is the organ of the people, irrespective of party, religious creed, color, or condition.

The BEE is the people's paper.

The most disgusted people in South Carolina, are those who endeavored to defeat Congressman Murray.

The Democratic Central Committee has indorsed suffrage.

There is no reason why the people cannot elect four of the Commissioners

The BEE would favor Col. Ross, Col. J. W. Douglass, L. M. Saunders, Harry Davis, B. K. Bruce, John F. Cook, Justice Samuel Mills, Judge Taylor, Judge Scott, D. L. Siddons, and that class of gentlemen as Commissioners.

WE TAKE THE LEAD.

(From the Richmond Planet.)

The Washington BEE is so much improved in make-up and matter that its best friend wouldn't recognize it upon a casual observation. Editor Chase is certainly hustling.

We all must hustle John, to overcome the Richmonds in the field.

Ex-President Harrison and his accomplished bride will please accept the congratulations of The BEE.

Editor T Thomas Fortune has been hustling Presidential timber

Is it true that our esteemed contemporary will start a pa er in Georgia? You cannot guess Fortune.

Mr. Booker T. Washington is an apologist pure and simple and those who indorse his schemes are no better than he.

ECHOES FROM COLORED ATTORNEYS.

Peyton wants clients and that badly

Hewlett doesn't know what he wants. He is on all sides and takes all kinds of positions.

Jones would be a diplomat, if he would only adhere to the truth.

Ricks is a matter of fact fellow and seeks to win.

Back biting and tatling are some of the characteristics of negro lawyers

They fight among themselves remind the by-standers of a cat and dog fight.

If the court are not prejudiced against certain negro lawyers, they ought to be

The arguments sumed up at the Wednesday night meeting is as follows:

1st. A plea for clients.
2d. To toady to the lower courts.
3d. It failed beautifully.
4th. They want to apologize to the Judges of the Police Court for their unwarrantable abuse of them.

PROF. GREGORY SUES HIS ACCUSERS.

NO EVIDENCE THAT HE EVER SOLD TEACHERSHIPS.

Suit at law to recover $50,000 for alleged libel was Thursday afternoon instituted in the Supreme Court of the District of Columbia by James M. Gregory, formerly a professor at Howard University, and a school trustee of the District of Columbia, against Daniel Murray It is set forth in the bill of complaint that the libel was in the form of a letter sent to Congressman Joseph D. Sayers by Murray, as follows "The paper presented by Mr. Livingston, of Georgia was inspired by one Prof James M. Gregory, who was dismissed from the University for borrowing money from the students and others and refusing to pay the same. The same individual was several years ago appointed a trustee of the public schools for the District of Columbia, and was dismissed by the District Commissioners for selling teacherships in the public colored schools. I myself aided in bringing this dishonest practice to the attention of the Commissioners"

Claiming the statements said to have been made were false, Prof. Gregory says he has been greatly injured, and therefore asks damages in the sum named.

Prof G egory has employed eminent council and will push the matter to the end.

It prescribes that the cheese must be packed in wooden boxes and sold in original packages, and when sold shall be enclosed in a wrapper bearing the brand. Each cheese must also be branded conspicuously upon each side.

Measles in the Cleveland Family.

Washington, April 8.—Yesterday was the regular Cabinet day, but to the surprise of members of the Cabinet they were notified that the usual meeting for Tuesday would be omitted. No explanation was given. Later in the day it was ascertained that little Esther Cleveland, aged two and a half years, was found upon arising yesterday morning to have a well-developed case of measles. Mrs. Cleveland had all three of the children, with nurse and governess, removed to Woodley, the summer residence of the President. The little one is in no danger, and the case is not considered serious.

GREENER A LEADER.

LEADERS ARE BORN AND NOT MADE.

CHICAGO, ILL., April 4, '96.

(To The BEE.)

At a meeting of the Chicago Union Club on last Saturday evening in this city, Mr. H. H. Garland in the chair Mr. John G. Jones addressed the meeting on the worth of public men and offered the following resolution which was unanimously adopted:

Whereas, it has been and is a rule that has long been established and adhered too among all races of people to have some one recognized and designated as a wise and safe leader and a true exponent of their views.

Whereas, since the death of the late Frederick Douglass the colored people of this country have been deprived of a leader.

Resolved, that we know of no man among our race who is better qualified to be designated as an adviser and leader for our people than the Hon. Richard T Greener of New York.

Resolved, that we recognize in Prof. R. T. Greener, a man of broad views and high moral character and a polished scholar and has proven himself to be a true friend to his race of people.

Resolved further, that we recognize in Prof. Greener, who has always been and is now a loyal and enthusiastic republican and has followed the republican party in sunshine and in shadow, in defeat and victory.

The Mt. Calvary Lodge, No. 1, K. of P. held a meeting to which Damon Lodge, No. 3, paid a fraternal visit. The welcome address by P. G., George W. Watkins, was eloquent and well received.

P. G. V. C., T. B. Lock responded in befitting words. After which the members were invited to a collation which had been prepared. Captain and Supreme Deputy Chancellor, W. H. Thomas spoke encouragingly of the order and recommended The BEE to all the Lodges and requested every member to take it.

H. H. Gamet, Division, No. 1, V. B., K. of P., and Charles Sumner Division No. 2, under the command of Captain W. H. Thomas and Henderson turned out in a body at Odd Fellews Hall. There were one hundred pretty young ladies to greet them.

Deputy Supreme Chandler is doing good work in organizing local lodges.

VAL BLATZ
MILWAUKEE BEER
$1.25 A CASE, DELIVERED
to any part of the City. Frank M. Finley & Son, Ag'ts, 1206 D st. n. w.

The red Venetian cloaks that gentlemen of an artistic turn of mind set up in 1891 were very much admired by their womenkind, and now Venetian red cloth dresses are coming in for ladies. One of the smartest walking toilettes that has been seen this spring, was made of it, relieved with black satin tabs, each of which was fastened down with a fancy button.

Grass cloth is fast coming in as a bodice material, and it is embrodered with open work designs the color of the dress appears underneath it.

Mohairs, goats hair cloth bareges, grenadines, canvas, will be preferred to crepons. For dressy wear, soft satins and glace silks, with printed patterns, taffetas chines with flowers, leaves, or without will be most seen

Tulle will be much in vogue for balls and evening dresses.

In the make of dresses it is again rumored that they will be two distinct changes, namely, the sleeves reduced in size and the skirts trimmed either with flounces or bows of Louis XV. ribbon.

The general effects of the gowns thus far are puffy and volumonious, especially with the capes in light material covered with frills or flounces, ruches, ribbons, etc.

In the way of bonnets, miliners are trying to bring in again wide ribbon-strings tied under the chin, but as it is not becoming and also a warm mode in summer, it is likely not to be accepted.

Togues and hats are moderate in size, the capotes small ornaments, rather high than wide, and consisting principally of masses of flowers.

Fawn capes are popular and the newest are made with double box-pleats turned inward not outward, in the middle of the back and over each shoulder.

Many capes whether in black or fawn, are covered with applique designs in cloth or silk, showing velvet underneath.

Cotton chevoits will be greatly used for the finer grades of shirt waists, and can also be utilized for entire dresses.

Buttons will be used on every style of dress and braiding will be much seen on tailor-made gowns, not only the flat braid but round cording.

Much trimming is the order of the day in cape fashions. Broadcloth capes in Spring-like shades of tan with elaborate applique work, are seen in all the stores.

CHAMBERLIN'S NEW HOTEL.

The opening of Chamberlin's Hotel, at Old Point, has furnished employment to many people of this city and other places. Mr. Gray's recent headwaiters in this city is in charge of the new place He has been succeeded at Chamberlins by Mr Clinton C Johnson. Mr. Johnson is one of the old stock of Washington's good boys. The boys wish him success in his new field. Mr. Johnson has all ready been down to Old Point to see the boys, and reports everything in good shape.

Mr. Thomas Blandford and his family are preparing to leave the city for their country residence, for the Summer, which Mr. Blandford has recently purchased.

HOUSE AND HERRMANN.

One of the grandest, if not the grandest display ever witnessed by the citizens of Washington was the Easter opening of Messrs House and Herrmann's new and commodious building, Cor. of 7th and I streets, northwest on last Monday night.

From the hour that it announced that the opening would take place, thousands of people assembled on the outside seeking admission

Every minute or so the cable car would stop at the corner and crowds of people get off, and owing to the crowd on the inside, from basement to dome admission was impossible.

On the second floor a fine orchestra was placed and classic music poured forth which caused one to imagine that he was among the grandure of ancient architecture witnessing the gods taking their ease

The fine display of flowers showed that these two distinguished and enterprising proprietors know how to please the people. Preparations are being made and they are about completed to give another display Monday.

A Pleasure to testify in favor of
MEXICAN
MUSTANG LINIMENT.
Indispensable for the eradication of pains, bruises and especially neuralgia.

REV. F. M. JACOBS.

ASHEVILLE, N. C., April 19, 1895.

Lyon Manufacturing Co., Brooklyn, N. Y.

Dear Sirs:—I consider it a pleasure to testify to the good qualities of your Mexican Mustang Liniment. I have had occasions to use it for some years as a general family medicine. It has proven an indispensable thing for the eradication of pains, bruises, and especially for neuralgia, of which my wife was a constant sufferer. I have tried many liniments, but I may safely say that none has acted so soothingly and successfully as Mustang Liniment. I have no hesitancy in recommending it as an indispensable family medicine. Yours truly,
REV. F. M. JACOBS,
Pastor College St., A. M. E. Zion Church, Asheville, N. C.

Men are more easy to be led astray than women.

One bad man can be the ruination of a hundred good ones in less time than an hour.

It is said that a weak man is easily ruined for life, but time has proven that the strongest of men very easily come to degradation and shame by associating with corrupt men.

A good woman will be a model for aspiring young women for life, no matter what her inducements may be to be otherwise; this is not the case with men.

Clara: If your friend went to another city, for the purpose of visiting another girl, thereby deceiving you, you have a perfect right and should by all means ignore him.

Bessie: Men are very deceiving and you will do well by making your friend prove all that he says to you, otherwise than by mere words.

Single girls should not associate with married men, nor should grass widowers go to see more than one girl at a time.

Pansy: Your Easter dress was very pretty in make, but the color unbecoming. A light-brown person should never wear a yellowish-tan, neither should a very light person wear purple.

No sensible girl will allow a man to know all her personal affairs before marriage, for it will certainly leads to confusion in after-days.

An honest girl will not resent an insult by a loud out-burst of words or abuse, for it is only necessary for her to give her intruder a look, which will send a chill through his veins.

When a girl is deceived in a man, and her affections have been pure, it is well for her to console herself by reflecting that she is rid of a man who has proven himself unworthy of her affections.

A woman should keep her home bright and cheerful and greet her husband with a pleasant smile at all times, and by all means listen to his advices as "men love to give advice."

When a man sees that a woman makes a wise use of money, he is apt to give her the greater share of his earnings, hence girls should be more economical.

Most men like to see their wives dressed neatly and "up to date" and well read in books enough to be a wise listener if not an interesting talker.

Hattie: You had to fix yourself in order to catch your husband, but you certainly seem to forget the fact that you must continue to array yourself in order to keep him. A man dislikes a careless woman and it has a great tendency to drive him from home.

It is well for all girls to have a certain amount of independence, for if you are dependent, your friends will be but few and your assistance will be but little.

The girl who is meek, modest and gentle with a certain air of independence is prepared to honor her sphere and enjoy all privileges.

An ignorant and narrow-minded woman, who finds fault with everybody and everything will not be likely to make her son or daughter the opposite of herself.

Cora: Relative to wearing the ring, given by your lover on your fourh finger, it is said that a vein in that finger corresponds with the heart, though fashion claims the third finger for an engagement ring.

Man cannot degrade woman without himself sharing in the degradation; and so on the contrary he cannot raise woman in her sphere and privilege without himself being raised and becoming better.

There is always help for those who try to help themselves. Girls should have more push.

Success makes one ready and anxious to work. To succeed one must not wait for a special work to do, but take hold of the first thing that thoughtful minds have prepared.

Many a sad-hearted girl is made to wonder if they are the same girl of the previous year who was so bright and happy, such weariness being brought on by their own folly and waywardness.

No girl need think that a knowledge of cooking means that you must forever remain in the kitchen: It is well to learn all about housework, so that you can know when it is properly done.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease, and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven catarrh to be a constitutional disease, and, therefore, requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials. Address,

THE NEGRO IN LAW.

THE COLOR LINE DRAWN.—LEGAL APOLOGISTS EXPOSED.—MORE OF PEYTON'S HARANGUE ON THE NEGRO LAWYER.—NEGRO ATTORNEYS SHIPWRECKED.—LAWYER JONES BIG INCOME RIDICULED.—HEWLETT EXCITED.—MR. PETERSON SHOWS THEM UP.

There was a mixed audience at the Metropolitan Baptist Church Lyceum on last Wednesday evening. Fountain Peyton again appeared and harangued the people on the starving condition of colored lawyers and appealed to the people not to employ white lawyers if they want to build up the negroes legal profession.

Peyton started out by saying that he had modified his paper, which it showed very plainly, but inconsistency was shown.

He denounced the entire white press of the city by saying that everything to the detriment of the negro was published; that the negro lawyer owed nothing to the press for his elevation and in the same breath he complimented Howard Brooks of the Star and a writer on the Post, when he had denounced them in his previous paper and said Brooks had read his paper and after he saw his allusions to the press he declined to publish it and accused and condemned Lawyer Moss for having been influenced by Brooks.

He insisted on condemning the colored people for employing white lawyers when there are so many competent colored ones. He denounced colored lawyers who have their offices in the halls of the court and advised the colored people not to employ such men.

He complimented the judges, and declared there was no prejudice, when it was at the Second Baptist Church, he admitted, what The BEE said, that he charged against certain judges, was true.

Peyton on last Monday denounced both Judges Miller and Cole.

Peyton concluded by offering a challenge to any one to refute his paper.

The first speaker to discuss his paper was Mr. E. M. Hewlett who declared from the beginning, that it was an excellent paper; that there was no prejudice in the courts against colored lawyers and the idea that white lawyers have more influence with the courts than the colored ones was rediculous.

I will say, however, that Judge Kimball, is a good man, but he doesn't know anything.

Judge Miller, O! I don't know what is the matter with him, it depends on how he feels, I would say he is dyspetic.

It will be remembered that Mr. Hewlett has not only denounced the courts, but he denounced Peyton's paper last week and declared that Peyton was a fool for reading such a paper.

Mr. T. L. Jones, who had also denounced the paper; declared that there was prejudice in the courts, took the occasion on last Wednesday to compliment the paper and the courts. He declared that there were negro ministers who arrived at the court the same time the van did and capped for white lawyers.

He did not mean he said, such men as Revs. W. B. and Robert Johnson Walter Brooks and Taylor.

Why said Mr. Jones "before I practiced law, I only made from $900 to $1,000 per year," but now he made said he last year $3,546,50.

Mr. P. H. White did not agree with the paper.

Col. M. M. Holland said that he always had 7 hours out of 8 to spare.

He did not have enough to do and he was frank enough to say so.

His address was conservative and to the point. Of course said he, "I want events and if these gentlemen get all the business they say they get I would ask for a clerkship in their offices."

Mr. Lomax excited

A STORM.

In a dignified air, Mr. Lomax stood facing the President and said he had a question to ask.

The chair ruled him out of order, but Mr. Peterson made a motion that he be heard, as he had not attended the meetings for some time.

Mr. Lomax said that he heard one of the gentlemen say that there was no prejudice in the courts and he wanted to say, if lawyers wanted the colored people to believe them they must tell the truth. I have heard this gentleman denounce the courts.

Mr. Hewlett in a very excited manner jumped up and declared, yes! I say so now, I say Kimball is no good and neither is Miller!!

The people got excited and started to leave the church, but the President ordered the doors to be locked.

Mr. Lomax said he did not refer to Mr. Hewlett, but he was refering to Mr. T. L. Jones.

The last speaker was Mr. L. H. Peterson, who said the paper of Mr. Peyton's was not a bad one, that it showed much study and care in preparation, but he had one or two criticisms to make.

He gathered from the paper that the destiny and fortune of the negro lawyers had been shipwrecked, yet if he could make what some lawyers claim to make, he would start to studying law immediately. As colored lawyers demonstrate their capability and ability to the interest of their clients, so will the negro encourage him. He also spoke of the prejudice in the courts against negroes.

Mr. Peterson also said there was a division between the lawyers.

Mr. Peyton concluded by replying to all of his critics but Mr. Peterson.

Mr. T. H. Clark reads next Wednesday night.
